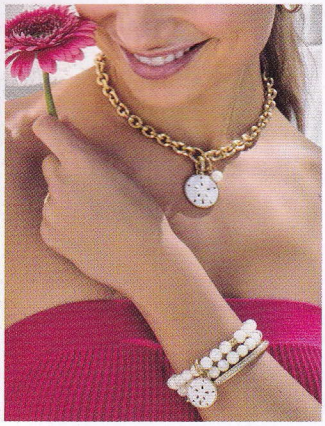
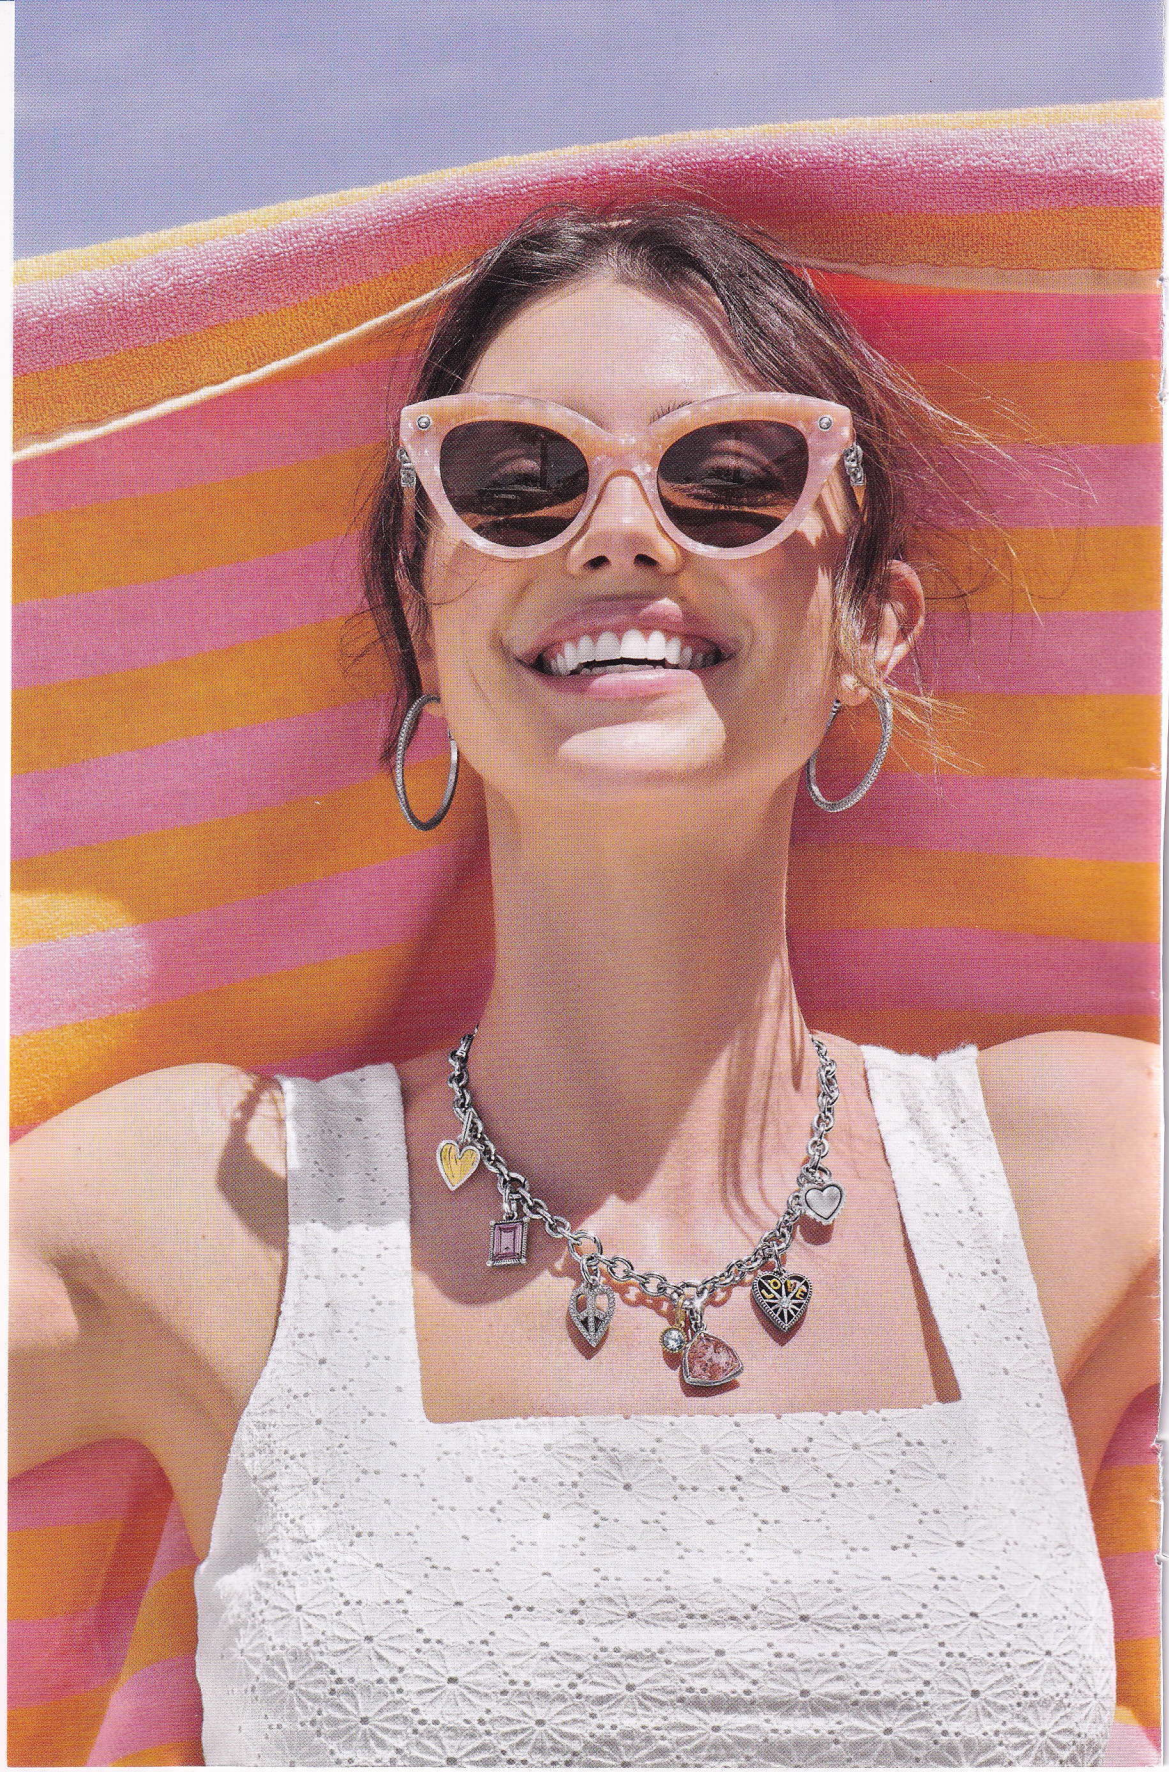
SUNSHINE SEASON





Dear Friends and Brighton Family,

The perfect accessory doesn't just sparkle — it whispers who you are.

At Brighton, we believe beautiful things should be made with care, not speed. That's why every piece we create is made with intention — shaped by time-honored techniques and brought to life by the hands of skilled artists and artisans. From hand-tooled leather to finely cast jewelry, each piece carries the warmth of the human touch.

Summer invites a different kind of beauty — lighter, brighter, more personal. It's a season for color, joy, and choosing what feels good.

Inside these pages, you'll discover the heart of Brighton: a curated collection of brands, each with its own distinct style. From the architectural elegance of Ferrara and the Celtic simplicity of Interlok, to the bold spirit of Mosaic, and the clean lines of Meridian — every collection is brought to life by the artisans who make Brighton special. It's like walking through a series of small artisan shops around the world, curated just for you.

We hope you find something that brings a little sunshine to your season — and stays with you long after.

With warmest wishes,

Jerry Kohl
Owner and Founder

There's one request that Lorenzo Maraviglia, the general manager of San Domenico Palace, a Four Seasons Hotel in Taormina, hears from guests more than any other: How can we re-create Jennifer Coolidge's fantasy Vespa ride along the Sicilian coast? (Which was itself inspired by the 1960 film *L'Avventura*.)

artful mosaic

Designer Beth Ferrara's inspiration for her Mosaic Collection comes from both the beauty of Talavera tile and a love of a southwestern aesthetic. With a distinctly Boho vibe, its pieces feature finely detailed etchings and sculpted motifs in metal and leather.
